Director of Intelligence Community Staff

Washington, D.C. 20505

STAT

Dear Sir,

Mr. Bruce Nicholl and I met with

to discuss the  
Joint Maritime Information Element (JMIE) system, and to view a  
demonstration of its capabilities.

During our discussions, we were made aware that a consortium of  
interested parties and users has been formed, and that we could  
join this association by forwarding a request to you under our  
organizational letterhead. Both Mr. Nicholl and I would like to  
participate, since JMIE is an application of a technology area  
which we have been investigating with a great deal of interest.

I would appreciate your assistance in attaining membership in the  
JMIE system association. Should you need additional information,  
please contact me at FTS 633-3765.

Sincerely,

WILLIAM L. BELL  
Director  
Records Technology Branch
